To Bring America Peace and Safety

The Libertarian Party is the **only** political party:

- ★ With a plan to **remove our troops from Iraq** as soon as can be safely accomplished
- ★ With a policy to **keep American troops at home**, so they can do their job—protecting Americans
- ★ Who would **never sacrifice our sons and daughters** in illegal and immoral wars
- ★ Who stands against “**pre-emptive attacks**,” “**regime-changes**,” “**police-actions**,” and “**nation-building**”

What Is The Libertarian Party?

Libertarians believe in the American heritage of liberty, free enterprise, and personal responsibility.

Libertarians believe that being free is a great way to live. We want a society that allows **all people to choose what they want from life**; one that lets them live, love, work, play, and dream their own way.

The libertarian way is a **caring, people-centered approach** to politics. Libertarians recognize that each person has a unique set of capabilities and values. By honoring the rights of individuals, we gain the opportunity to discover the best within ourselves and develop our full potential.

The libertarian way is a **logically-consistent approach to politics** based on the moral principle of self-ownership. Each individual has the right to control his or her own body, action, speech, and property.

Government's role is to help us defend ourselves, our freedom, and our property from aggressive or fraudulent attacks—not to initiate attacks against peaceful people.

Live and let live in peace is the libertarian way

We can only build a peaceful America with your help.
